

Oct23,2024

On October 23, 2024, the Commerce Department's UG and PG students went on an enriching industrial visit at Falcon Toolings and Bright Casting Private Ltd, Coimbatore. During the visit, students gained valuable insights into manufacturing processes and the innovative technologies shaping the industry. The entire Commerce department staff accompanied the students, enhancing the learning experience and fostering discussions about real-world applications of their studies. This visit not only broadened their understanding of commerce but also provided a practical perspective on the industry's operations.
