

A Robotics Workshop

Feb7,2025

`A Robotics Workshop was conducted at A.K.D. Dharmaraja Women's College by the Departments of Physics and Computer Science.

The special guest, Abirami participated in the event and explained that robotics is a branch of both physics and computer science. She stated that while building a robot involves physics, operating it requires coding from computer science. She also provided hands-on training for the students.

The Head of the Computer Science Department, Mrs.R.Dhanalakshmi, delivered the welcome address. The Head of the Physics Department Jenifer gave the introductory speech. Principal Dr.M.Lakshmi, delivered the presidential address. The vote of thanks was given by Ms. Pon swetha of III CS.
